PRIME MINISTER NICOLAU LOBATO
ANSWERS QUESTIONS FROM TRICONTENTAL ,
PUBLISHED BY OSPAAL ( NOT FOR PUBLICATION UNTIL FURTHER NOTICE)

We reproduce below a transcript of the English-language answers to questions sent to Fretilin Department of Information and National Security by the Campaign for Independent East Timor in Darwin, on behalf of the Tricontinental Magazine, published by the Executive Secretariat of the Organisation of Solidarity of the Peoples of Africa, Asia and Latin America (OSPAAAL). The questions were sent over the radio to Fretilin on June 6, 1977, and replies received on June 30, 1977. The questions were answer by comrade Nicolau dos Reis Lobato, Prime Minister of the Democratic Republic of East Timor and Vice-President of Fretilin. The answers were read by Prime Minister Lobato in Portuguese and then read in English translation by comrade Alarico Fernandes, Minister for Information and National Security. Comments/corrections in brackets offered by ETNA for clarification.

We reproduce below the questions and the answers as given in English by Minister Fernandes :

QUESTION: WHAT IS THE PRESENT SITUATION OF THE STRUGGLE OF THE EAST TIMORESE PEOPLE AGAINST THE INDONESIAN OCCUPATION ?

PRIME MINISTER LOBATO : No doubt (despite?) the brutality of the Indonesian forces' aggression and the military superiority as well, because of the fact of the strong resistance opposed by the Falintil and our people , has broken down the impetus and the morale of the aggressors. This is proved by the heavy casualties we have inflicted to the enemy and the confusion we caused in the enemy units with several of them have refused to fight and therefore had to be replaced. Through the heavy casualties suffered by the enemy, the expansionist Jakarta Government has reinforced with more troops in order to assure the military occupation of our country. The enemy has learned with (through?) its own mistakes and so it is refining its tactics trying by all means to continue the aggression. However, all over the country the resistance is still very strong despite the continuous raids deeply launched by the enemy to the large areas under our forces' control.

QUESTION : HOW ARE THE LIBERATED AREAS ORGANISED ?

PRIME MINISTER LOBATO : Although (despite?) the difficulties in the liberated areas, we are organising culture (??-- imprecisely spoken) to guarantee to our people a safe and stable life, and production, health, education, culture, justice and defence levels, and on the good way to continue the struggle of national resistance and in (on?) the way to consolidate our revolutionary democratic power.

QUESTION : WHAT IMPORTANCE DOES FRETILIN ATTACH TO POLITICAL WORK AS THE SOCIAL CENTRE IN ITS STRUGGLE ?

PRIME MINISTER LOBATO : Always politics is under (in?) command. We don't make war by war. Our armed struggle has a deeply political form and sense. The liberation of our people from the colonialists and imperialists (word indistinct?) and so all kinds of domination and exploitation of man by man.

QUESTION : WHAT IS THE STRATEGY OF IMPERIALISM IN THIS AREA ?

PRIME MINISTER LOBATO : When the imperialists have launched the aggression over our country, they were animated and convinced they would shortly suffocate the struggle of our people, and are still engaged in carrying out a strategy of this decision.

For this reason they have occupied the seaports and airports of our country and are patrolling our air and sea space in order to isolate us from the outside world by blocakde with the purpose of suffocating our resistance by wastage (? word indistinct ?) .Meanwhile, fighting is continuing in our country thanks to our people's determination to resist, principally counting with their own forces and thanks to the existence of the revolutionary vanguagd, the Central Committee of Fretilin,and also thanks to the international militance of the peoples and governments that support us,and the revolutionary people like us who are fighting against the common enemy -- the imperialists.

QUESTION : WHAT IS THE IMPORTANCE OF INTERNATIONAL SOLIDARITY TOWARDS THE REVOLUTIONARY STRUGGLE IN EAST TIMOR ?

PRIME MINISTER LOBATO : We consider excellent the international situation touching our struggle. International solidarity is for us a very importance and necessary external factor for this continuation of the armed struggle for a long time.We appreciate very much the solidarity, fighting imperialist forces ,seriously worsening their internal contradictions. (last part somewhat indistinct).

QUESTION : WHAT ARE THE PERSPECTIVES OF THE STRUGGLE OF FRETILIN/THE FUTURE ?

PRIME MINISTER LOBATO : We are realists. We are aware that our struggle is very hard. However, as our people are firmly determined to fight for their own liberation, trusting on their own forces as already has been shown over 18 months of fierce fighting, and because we trust in the effective support and internationalist militance of the revolutionary governments and peoples and the friendly peoples, also clearly shown along that time, we are sure our resistance will grow day by day and we will win and withdraw the vandal aggressors from our sacrificed country.

Particularly in BAUCAU, AINARO AND LOSPALOS, the Indonesian soldiers are highly demoralised, refusing to fight, and demanding to be sent home, because of the heavy casualties they have suffered,Mr Fernandes said.

In front of Dili harbour,in the former public building(garden?) is the biggest Indonesian soldiers' cemetry in East Timor, Mr Fernandes said. But the Indonesian military authorities had ordered that all the head-stones on the graves be removed and replaced with new ones, saying that the graves were those of Portuguese colonialists and Timorese, with fictitious names.This was done to mislead visitors ,he said, and to boost the morale of the Indonesian soldiers, although it was insulting those who had ingloriously died in East Timor, as well as their relatives.

TOPIC: ACTIVITIES AND DEMONSTRATIONS IN SECOND HALF OF 1977

CIET has been somewhat snowed under the first half of this year establishing the East Timor News Agency,and centring organisation for the public radio transceiver still operatingin Darwin.

However, in the rest of this year we want to mobilise for actions ,particularly around the following dates :

AUGUST 19 : The Indonesian Consulate is organising a big celebration at the Sydney Town Hall on Friday August 19, to celebrate Indonesian Independence Day. It will be a ball etc.. We want to organise a pciket/leaflet distribution/ demonstration. Although it is at a bad time -- Friday night beginning 7.30pm, we are sure enough will be able to come to make it worthwhile. WE THEREFORE PROPOSE TO RALLY AT THE SYDNEY TOWN HALL STEPS AT 7pm ON FRIDAY AUGUST 19.

OCTOBER 16: Second anniversary of the murder of five Australian journalists by Indonesian troops at Balibo. We hope AETA and church organisations will take some initiatives. (October 16 is a Sunday).

NOVEMBER 28: Second anniversary of foundation of Democratic Republic of East Timor. Some suitable celebration should be held on this date. (It is a Monday).

DECEMBER 7 : Second anniversary of the fullscale invasion of East Timor by Indonesian troops. A demonstration on this date (it is a Wednesday) is planned. The week is also International Week of Solidarity with the East Timorese people.

WE NEED TO BEGIN ORGANISING AROUND THESE DATES AS SOON AS POSSIBLE. OBVIOUSLY ORGANISATION FOR AUGUST 19 MUST BEGIN FROM THIS MEETING.

This also implies greater organisation and publicity on campuses and in workplaces.

To achieve successful actions on these dates, we need your support .

COME ALONG TO THE SPECIAL GENERAL MEETING ON JULY 21.

Other questions: production of new badge, distribution of new stickers, national East Timor Activists Conference.

Other news: Abilio Araujo informs us that a new long-playing (12") record of Fretilin songs is being pressed in Europe. Supplies should be available shortly.

Also a book by Minister Abilio Araujo has just been published in Portuguese,and is to be published in French and English. We hope to have a copy of the Portuguese edition shortly.From the little we know of it, it is a theoretical work on the problems of revolution in colonial countries,with particular reference to East Timor... Hopefully, we will receive some bulk supplies in Portuguese for Portuguese-language readers.

TRANSCRIPT OF ANSWERS BY MINISTER ALARICO FERNANDES
ON PUBLIC RADIO TRANSCEIVER DARWIN, JUNE 19 ,1977

(This has been delayed due to unforeseen circumstances)

A tape of ABC "AM" radio program played, with report of Indonesian allegations that 2,000 Fretilin supporters had surrendered in Lospalos area...

BRIAN MANNING: We played that in interests of letting you be informed of what's on the Australian press...

MINISTER FERNANDES: This comment .. I want to stress that nobody surrenders here in East Timor to the vandal Indonesian forces, the corrupt Suharto military clique. But Indonesian troops are all the time trying in vain attempts to capture the civilian population, and concerning this news I am getting more details abd I assure you that nobody surrenders to Indonesia, but Indonesian troops are trying to capture and sometimes capture some people who are concentrated in Indonesian concentration camps, suffering all the worst treatment, brutal treatment, and so on, as the world already knows.

(Question on exact attitude to negotiations...)

AMINISTER FERNANDES: Comrade, the Revolutionary Front of Independent East Timor, Fretilin, is based in East Timor and are struggling, defending the most deepest aspirations of the people of East Timor, that (is) to (be) free from exploitation, domination and oppression and attain their freedom and national independence. In the outside world, members of Fretilin Central Committee and Ministers of the Democratic Republic of East Timor are working hard in the international arena, and only last year in the U.N. several times the corrupt Jakarta Government has been defeated and Fretilin has won. And negotiations with the corrupt Jakarta Government, never, but the corrupt Jakarta Government has to immediately, obey ,respect the UN General Assembly, Security Council, resolutions, as well as the Non-Aligned Countries resolutions on East Timor issued, that has demanded the immediate, withdrawal of all Indonesian colonial troops from the Democratic Republic of East Timor.

So, we know the heroic people of East Timor are still aware that fighting justly against the exploitation of man by man ,against any foreign domination, that the victory will be certain, because when all the people over the world fought justly in defence of their freedom and sovereignty and national independence, these people have won.

(Question: Is Fretilin prepared to allow international observers of good will to have safe conduct in the major part of the DRET ?) Min. Fernandes: I will refer to Fretilin Central Committee, and send reply at a later date.

(Question: Any sign of cholera in Dili ?) Min. Fernandes: Inside Indonesian territory cholera has been registered, and in West Timor particularly. We have no information about cholera in Dili, I think there is no cholera but great starvation, sickness ,because of shortage of food, medicaments and so on and the last news reaching this Department from Dili, from reliable source, told that Indonesians, even Indonesian troops, are highly starving , they are eating dogs, snakes and so on, and we are very sorry with the population in Dili, that is exactly an Indonesian concentration camp.

(Both CIET Darwin and Minister Fernandes sign off).

NEWS FROM RADIO MAUBERE

The following news was broadcast in English, Portuguese and Tetum over Radio Maubere on July 8 :

BAUCAU: Indonesian troops are more and more demoralised because of the heavy casualties they have suffered. The situation in Baucau area is completely under Fretilin control.

BOBONARO : Fretilin control situation in Bobonaro area. In the Indonesian concentration camp, brutality and torture is being stepped up on captured population.

MAUBISSE: On July 1, the enemy tried to pillage coffee beans in Fretilin controlled areas, forcing females of the captured population to march in front of them. But vigilant Fretilin forces attacked, and killed seven Indonesian soldiers and wounded a lot. The rest ran away leaving the dead behind.

BETANO: Indonesian warships are continually and bombing this area of the south coast.

DILI: Last April , an Indonesian, captain of a commando unit, was jailed because he publicly expressed dissatisfaction with Indonesian aggression in East Timor, He regretted that the situation as exists will result in the extermination of the Indonesian soldiers, because even if the fighting goes on for twenty or more years, the Indonesians will never suffocate the resistance of the Maubere people.

---

The following news was broadcast in English, Portuguese and Tetum over Radio Maubere on July 10 :

BAUCAU: Indonesian planes and helicopters are continually flying over the Baucau area, seeking to discover Fretilin positions. Fretilin forces have high morale, and control the situation.

REMEXIO : On July 4, the enemy tried to take a Fretilin position with an attack from two fronts. However, Fretilin forces repelled the attacks, killing ten Indonesian soldiers and wounding three. The others fled away. In reprisal, the enemy shelled Fretilin positions, with heavy mortar fire.

BOBONARO: The enemy are continuously shelling the Bobonaro area with mortar fire. Planes and helicopters are violating Bobonaro air space.

COVALIMA: Indonesian warships are continually patrolling and shelling coastal areas. In Indonesian concentration camps, tortures and other brutality continues. Shortage of medical supplies and food leading to starvation and death.

AILEU: In the second week of June, a female comrade escaped from the Indonesian concentration camp. She said that the attempt to take Lekidoe on June 7 resulted in heavy Indonesian casualties, including two Indonesian officers. She said the enemy forced captured population from Atsabe, Quelicai, Ermera and Aileu to take part in the attack. Most of them died. The Indonesian officers were angry: they had been told Fretilin would not offer resistance to the attack. They punished the captured female population by forcing them to do heavy work in the ricefields completely naked, in the role of buffaloes.

NATIONAL EAST TIMOR ACTIVISTS CONFERENCE ,Melbourne, July 23 and 24.

Members of Australia-East Timor Association (Victoria),Campaign for Independent East Timor (Sydney), AETA (Queensland), CIET (ACT) , and CIET (South Australia) planned action for the coming months at the National East Timor Activists Conference on July 23-24.

The Conference commended the Australian Labor Party Perth Conference decision on East Timor, but expressed concern that Mr EG Whitlam still held the shadow Foreign Affairs portfolio, despite the fact that he was in a minority of one in voting against the resolution,and that he had deliberately distorted the facts on East Timor.

The conference supported the proposed independent inquiry of the Australian Journalists Association into the death of Australian journalists in East Timor and decided to approach the AJA, churches etc. on possible action on October 16, the anniversary of their murder. Nationwide demonstrations will be held on December 7, the second anniversary of the fullscale invasion of East Timor. Other actions are planned around Indonesian Independence Day (August 17),and to celebrate the founding of the Democratic Republic of East Timor (Nov. 28). A mass lobby will also be held at the Australian Council of Trade Unions (ACTU) Congress in Sydney on September 12 to 16.

Other decisions of the Conference will be published in East Timor News No. 13.
